Simply upload your file and share the link. So try our free and simple filehosting service now. File is free to use with no gotchas and no hidden fees. You decide who you want to share your files with. Just upload the file you want to share with your friends and we send you a download link to your file. Your wallet willbe none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, thenfrom our servers to your friends device. Keep your files private, or send your download links only to friends or family. No account or credit card is required toget started. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Using file, you can circumvent those limits without payingto upgrade your team chat service. You don't need any special software installed to be able to download your files. The cost of that data transfer is covered byyour internet service or the data plan on your phone. It is also allowed to link to the download page from websites and communities. Our service is completelyfree for everyone. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of filesthat can be transferred within their apps. We have no file size limit. If only we could, we surely would! On the other hand, using file can actually save youmoney. You can upload any type of file (movies, music, documents, images, zip files and more). Alternatively you can choose to share your download links onblogs, forums and social networking sites. You can give this download link to your friends by mail or instant messenger. Any file in any format can be uploadedand downloaded for free. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. There are no restrictions on thenumber of times a file can be downloaded. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually cost
